

ESJ2-Desktop Easy Solder Jet 2

**Lead Free Capable Desktop
Selective Rework System**

Manufactured in Switzerland

CE marked for Europe

Easy and Safe to use

PCB Fixture

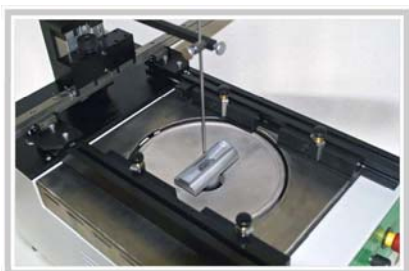

Lead Free Pot

Features

- Interchangeable Nozzles
- Adjustable PCB Workholder
- Designed to Remove and replace those difficult components such as thro' hole connectors
- Single Phase
- Adjustable wave height
- Reduces waste
- Fast payback
- 13A power supply
- ISO 14001

Additional data

Max. PCB Size	400mm x 250mm
Power	2.5kW, 240V AC Single Phase
Heat up Time	30mins Approx.
Dimension (main unit)	270mm x 350mm x 600mm
Temperature Setting	200-300°C
Pot Capacity	16Kg
Weight	40Kg

Option: BPH 28/28	
Dimensions	280mm x 280mm
Power	2kW, 230V AC, Single Phase
Temperature Setting	50-500°C
